## At Millsaps College, you'll find a campus community waiting to welcome you.

Nearly 90 percent of students live on our beautiful 100-acre campus, so your move to college won't be like leaving home – it will be like moving to a new one. Life on campus is never boring when you and your friends gather in the mornings at ecoGrounds Coffee Shop, visit in the Bowl after lunch, exercise in the afternoons in the Hall Activities Center or hang out in the evenings at Reuben's.

LEARN BY DOING.

## **At Millsaps College, we believe that the best way to learn something is by doing it.**

You didn't just learn to ride a bike because someone told you how; you did it because you had a chance to get on the bike.

You will learn in the classrooms at Millsaps College, but you will also have opportunities to put that new knowledge to practical use through our Community Engaged Learning (CEL) academic program. You might write a business plan for a local business, tutor elementary students on early literacy skills, support medical research or even draft policy papers for a member of the Mississippi Legislature.
