Are banks going to die?

September 30, 2015 — Kate

Last week, we posted a few thoughts on [how fast the banks are really going](#). Over the past week, it seems my newsfeed has been flooded with predictions on the life of the bank as we know it.

And the predictions are *all over the place*.

The 'Banks Will Die (Unless They...)' School

- McKinsey just released a [report on the short-term future of banks](#), and sees them with the choice "between taking on new entrants through smarter use of their vast data resources and transforming their brands, or by forging alliances with startups"
